AVAILABILITY:

Available to any single or three-phase electric service customer who generates electrical energy in excess of their total energy requirements and who has received qualifying status as a cogenerator or small power producer under Section 201 of the Public Utility Regulatory Policies Act of 1978.

RATE:

For generating facilities rated at:

100 Kw or Less

Service provided to such customers by the Company shall be billed at the appropriate rate, by class of customer (i.e., residential, commercial, etc.) that is currently on file with the Commission.

Capacity and energy provided to the Company by a qualifying facility shall be paid for by the Company at the following rates:

Capacity Payment: \$12.98 per Kw per month
Energy Payment: 2.051¢ per Kwh

Capacity payments will be made only to those qualifying facilities that actually contribute to a capacity savings to the Company by a reduction in the demand charges paid by the Company to Black Hills Power, Inc. under the terms of the contract between the Company and Black Hills Power, Inc. regarding the determination of the billing demand. To qualify for capacity payments, the qualifying facility must demonstrate that it is reliable enough to reduce the annual peak demand for capacity purchased by the Company from Black Hills Power, Inc.

Rates will be updated annually, in correlation with the Company's annual Power Supply Cost Adjustment filing.
